## Empowering Young Minds: Shield Project Awareness Session on Earning and Independence

AKYSBP Karimabad Girl Guides Company successfully conducted the first awareness session of their Shield Project at the Hope for Life Foundation, marking an important step toward empowering young minds. The session centered on the significance of earning and independence, highlighting how financial self-sufficiency plays a vital role in building confidence, dignity, and a secure future.

Led by a dedicated team of seven guiders, the session was thoughtfully designed for children with disabilities (DA kids), ensuring an inclusive, supportive, and engaging learning environment. Through interactive discussions, simple examples, and fun activities, the guiders explained key ideas such as the value of work, making informed choices, and the importance of being independent in daily life.

The children actively participated and showed great enthusiasm throughout the session, which helped reinforce the concepts in an age-appropriate and accessible manner. By encouraging questions and hands-on involvement, the guiders made the learning experience both meaningful and enjoyable.
